

# Technical Support

One of the main priorities for SafeDNS is our clients' high satisfaction rate.

Technical support is provided throughout the service subscription period. The subscription is included in the license price and is valid for a year from the date of purchase. Upon its expiration, the subscription can be renewed for one year or longer.

You can get detailed information about technical support subscriptions and updates from your manager.

## Working Hours

Days of the week	Hours in EDT (EST)
Mon-Sun	24/7
